

☞ FEBRUARY 12-13, 2010 ☞

Welcome to Franklin's First **"Chocolate for Charity" Festival** ! It is not by accident that we have planned this event to coincide with Valentine's Day! Proceeds from the event will benefit BRIDGES of Williamson County, the county's only shelter for victims of domestic violence, and the Williamson County Child Advocacy Center, a program that works with children who have been sexually victimized. Without these two programs, women and children would not receive the necessary resources i.e. counseling, a place to live, etc. that they need in order to rebuild their lives.
