

How will my courses transfer from the Regents Online Degree Program to Columbia State Community College Degree Programs?

The following courses from the Regents Online Degree Program (RODP) have been approved by Columbia State division chairs to substitute for the Columbia State courses that appear on the right. It is recommended that students complete both courses in an RODP sequence in the online format. RODP courses with a different Course ID can not be used to repeat a Columbia State course.

If the RODP Course that you plan to take is not listed, please contact rodpc@columbiastate.edu. As courses are approved, they will be added to the table.
