

# NOTABLE MINORITIES WHO CHANGED HISTORY

## October 1, 2009

### DID YOU KNOW?

#### How to study

1. Keep the area around your desk neat and tidy. If possible, the study area should also be quiet.
2. Have a scheduled study time for each school day. Remember that one classroom hour should be reinforced by two hours of studying at home.
3. Sit down for 45 minute intervals, followed by 15 minute breaks.
4. Reward yourself if and only if you have met your goal for that study session.
5. Make correspondences between your class notes and your textbook.
6. Prepare questions about the chapter that will be discussed in the following class.
7. Put any new words or concepts to use.
8. Finally, review what you have studied just before you go to bed.
