

**Employer Name: University of Michigan**  
**Field Interviewer Opportunities**

Employment opportunities are available for candidates interested in conducting in-home interviews in the Bedford County, TN area to work on the Health and Retirement study. Candidates will be trained on conducting interviews in households with adults and some phone interviewing.

Successful Research Interviewers will:

- Conduct in-person and telephone interviews with
- selected household members
- Administer physical measurements and bio markers
- Enter data into a laptop computer
- Have access to reliable transportation
- Be available to work in a variety of areas including the
- inner city

The university is interested in English speaking and Bi-lingual applicants. Spanish/English bilingual candidates receive an additional \$2.00/hr. Pay rate for the Bedford County, TN area is \$10.00/hr. and Interviewers are compensated for mileage and expenses. Higher starting rates for applicants with prior data collection experience may be available. No college degree required.
