HEPATITIS B IMMUNIZATION HEALTH HISTORY FORM (Check 1 Box)

The General Assembly of the State of Tennessee mandates that each public or private postsecondary institution in the state provide information concerning Hepatitis B infection to all students matriculating for the first time. Tennessee law requires that such student complete and sign a waiver form provided by the institution that includes detailed information about the disease.

The required information below includes the risk factors and dangers of the disease, as well as information on the availability and effectiveness of the vaccine for persons who are at-risk for the disease. The information concerning this disease is from the Centers for Disease Control and the American College Health Association.

The law does not require that students receive vaccination for enrollment. Furthermore, the institution is not required by law to provide vaccination and/or reimbursement for the vaccine.

Hepatitis B (HBV) is a serious viral infection of the liver that can lead to chronic liver disease, cirrhosis, liver cancer, liver failure, and even death. The disease is transmitted by blood and/or body fluids, and many people will have no symptoms when they develop the disease. The primary risk factors for Hepatitis B are sexual activity and injecting drug use. This disease is completely preventable. Hepatitis B vaccine is available to all age groups to prevent Hepatitis B viral infection.

A series of three (3) doses of vaccine are required for optimal protection. Missed doses may still be sought to complete the series if only one or two have been acquired. The HBV vaccine has a record of safety and is believed to confer lifelong immunity in most cases.

- ☐ I hereby certify that I have read this information and I *have received* the complete three dose series of the Hepatitis B vaccine. Date Hepatitis B vaccination series was completed: ____/____/____
- ☐ I hereby certify that I have read this information and I have elected to receive the Hepatitis B vaccine *and/or* I am *in the process of receiving* the complete three (3) dose series of the Hepatitis B vaccine.
- ☐ I hereby certify that I have read this information and I *have elected not to receive* the Hepatitis B vaccine.

Consortium Agreement Requirement

For Students Taking Dual Enrollment Classes at Two or More Colleges/TCATs in a Term

1. A consortium agreement establishes a limited agreement between Tennessee Education Lottery Scholarship (TELS) eligible schools that enables an eligible high school student, enrolled at two or more schools within the same term/trimester, to have their Dual Enrollment Grant (DEG) based upon all enrolled hours.
2. It authorizes the DEG Home School to receive the student's DEG funds on behalf of the Host (2nd) school.
3. If the student signs a consortium agreement with a college other than Columbia State as their "Home School", the DEG will be certified by that college.
4. I understand that if the student drops/withdraws from courses at either school during the term/trimester of a consortium agreement, the student, parent or guardian may be required to repay the financial aid disbursed.
5. A student must submit the *official Host School transcript* for consortium credit/clock hours upon the completion of the term/trimester. DEG eligibility for a subsequent term cannot be determined without the required transcripts.
