### WILLIAMSON CAMPUS ARTS AND TECHNOLOGY BUILDING INCLUDED IN 2021-2022 BUDGET

Columbia State Community College is excited to share that the new Arts and Technology building (building four) slated for the Williamson Campus has been included in the Governor's 2021-2022 budget.

### AROUND CAMPUS

### BE A PART OF THE ALUMNI SUCCESS PROJECT

The Alumni Success Project, created by beloved professor, Dr. B.I. Naddy, spotlights alums that have become successful as citizens as well as in their chosen profession. Dr. Naddy knows it is important for current students to see the accomplishments and the opportunities that a Columbia State degree affords.

A display featuring alumni photos and bios is located in the Waymon L. Hickman Building where students regularly gather throughout the day. Our hope is that students will take notice of these accomplishments and choose to take a path so that they too, can one day be featured as a successful alum.

We hope that you will participate in the Alumni Success Project. For more details, participate and help us make Dr. Naddy's idea a success, go to [www.ColumbiaState.edu/alumni/alumni-success-project.html](http://www.ColumbiaState.edu/alumni/alumni-success-project.html).
