WSMV On-Air Promotions Manager (JR08867)- This position is located at News 4 in Nashville, Tennessee. This role will manage the promotion department staff in the day to day production of the station's on-air promos and social media with a concentration on news image, weather, franchise, TSR promos and event spots. The On-Air Promotions Manager will also work with news managers and Meredith leadership to assist with station strategy for the daily topical process and production of POP promos, and will manage the log strategy. This position will oversee local community and synergistic partnerships and local events, and manage staff and news talent in the execution of event appearances. The incumbent must have a solid writing background and be an exceptional leader with a proven skill set for developing innovative promotional strategies in a new era of marketing local news. This position requires a Bachelor's degree in Business, Marketing or equivalent training and/or experience; a minimum of five years related marketing experience; excellent writing skills; solid editing background: (Avid, Final Cut, Adobe Suite); strong managerial skills, including teambuilding, communications, budgeting and administration; and detailed experience and understanding of all aspects of station promotion and TV production including news, sports, and public service. For more information, please visit <http://www.meredith.com/viewjobopenings> or apply online at https://meredith.wd5.myworkdayjobs.com/EXT/job/Tennessee-Nashville/On-Air-Promotions-Manager_JR08867. Applications will be accepted until 09/11/2020. (08.11.2020)

Valencia College Research Statistical Analyst, Sr. CFEED- Valencia College is seeking a resourceful, analytical and dedicated Research Statistical Analyst, Sr. to join the Central Florida Education Ecosystem Database (CFEED) Team. The person in this role will be responsible for Representing Valencia College on the Central Florida Education Ecosystem Database (CFEED) research team as one of four research leaders in an innovative partnership that builds a shared database among Orange County Public Schools, School District of Osceola County, Valencia, and University of Central Florida. The Analyst will perform statistical research and analysis in support of ecosystem innovation and decision-making, and build inferential, predictive and other models based on the strategic needs of the ecosystem and organization. This position will remain open until filled. For details and to apply, please visit the Valencia College website. (08.12.2020)

TrueRail Administrative Assistant- This position is located in Mt. Pleasant, Tennessee. The starting pay is \$12 to \$15 per hour, and the work hours will be 8:00 a.m. to 5:00 p.m. Monday through Friday with the potential for overtime. Audrey Denney for Congress Remote Organizing Fall Internship- This is a fully remote digital organizing internship with a highly competitive congressional campaign in Northern California. Specifically, interns learn key political organizing techniques and software. As fall plans continue to be disrupted by COVID-19, this is an exciting internship opportunity for students who are looking to learn and make a difference, even from a distance. For more information, please contact Sadie Morris, College Recruitment Coordinator, at smorris@audreyforcongress.com or (530 339-6570). If interested, please send an email with your resume to Apply@AudreyforCongress.com. (08.17.2020)

Gibson Connect Fiber Installation/Repair Technician 1 (2 Positions)- One position will report to the Trenton Member Service Center at 1207A S. College Street in Trenton, Tennessee, and one will report to the Troy Member Service Center at 602 C.C. Gurien Drive in Troy, Tennessee. Normal working hours for these positions are weekdays from 8:00 a.m. to 5:00 p.m. Qualified applicants must have a high school diploma or the equivalent; a valid driver's license; one or more years of experience performing in-premise telecommunications installation and troubleshooting of in-premise equipment and services; the skills and ability to splice any type of fiber cable to industry standard quality, effectively operate all fiber optic testing, troubleshoot and locate equipment; and must live within or be willing to relocate to live within 25 miles per Google Maps to the office. Preferred requirements include three or more years of experience in the telecom field, preferably performing in-premise telecommunications installation and troubleshooting in-premise equipment and services, as well as in fiber splicing. A position description may be found at gibsonconnect.com/careers. For more information, please contact Kathy Bobbitt, Executive Assistant, at (731) 562-1411. If you meet the qualifications and would like to be considered for this position, visit www.gibsonconnect.com/careers, print and fully complete the application form, and submit by emailing to applications@gibsonemc.com; mailing to Gibson Connect, ATTN: Human Resources, 1207A S. College St., Trenton, TN 38382; faxing to 731-562-1317; or dropping off at your local Gibson EMC member service center. Incomplete applications will not be accepted and applications must be received by 5:00 p.m. September 1, 2020. (08.17.2020)
