## COLUMBIA STATE COMMUNITY COLLEGE

### Key National Benchmarks – Where Does Your Institution Stand?

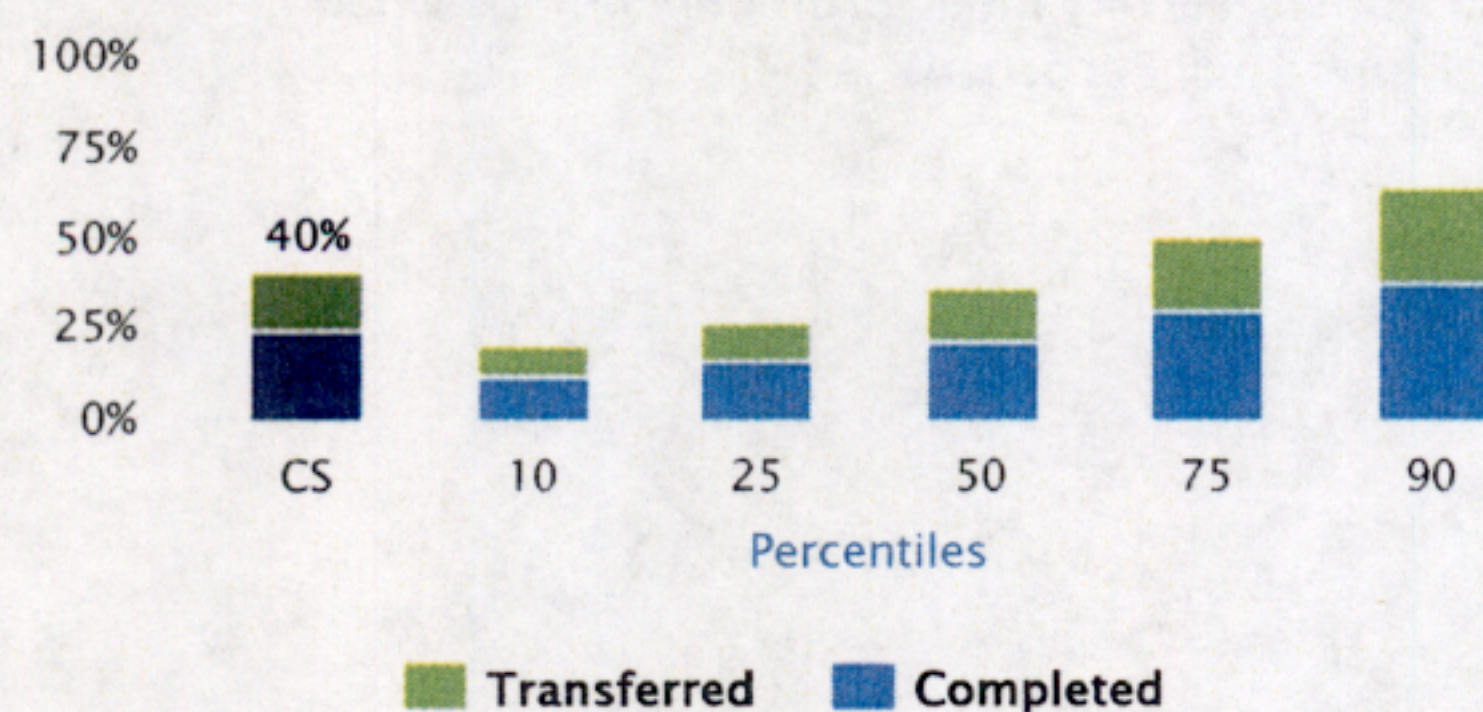

Your college participated in the National Community College Benchmark Project in 2016. This research is conducted annually by The National Higher Education Benchmarking Institute (NHEBI). We would like to share some of the key results of this study with you. The report illustrates how your college compared to national data, representing 252 community colleges.

The full NCCBP report, available online, contains more than 150 benchmarks on student demographics, measures of student success, faculty and staff data, workforce and community outreach, and institutional characteristics and effectiveness metrics.

Member colleges use the benchmarks to support:

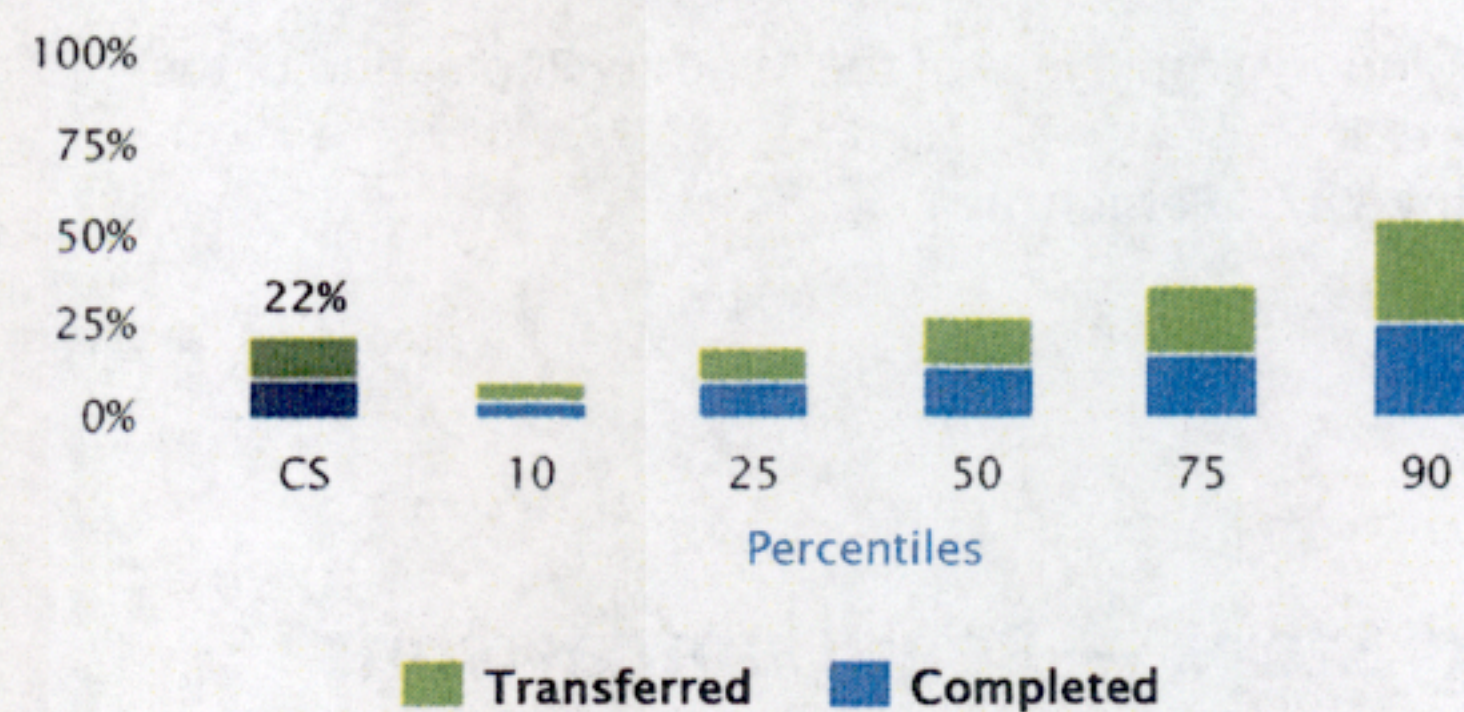

- Strategic planning and selection of KPIs
- Accreditation
- Internal and external accountability activities
- Institutional transparency
- Documentation of student success
