

# TRiO Minute

Every week we send out a critical thinking question to our TRiO students and ask them to send their responses in to make them think. Here's some of our questions we've asked and some responses are students have given.

# TRiO Minute Question

Columbia State, what would it be and  
why?

Here are some of our TRiO student responses:

 Levitation class. If it ever becomes possible to be able to fly, I'd want to learn how to do that since it's cool.

 CULINARY!!! I love to cook and would've loved to get a culinary degree at Columbia state if it was an option

 I wish Columbia state offered a praxis exam study class

 A makeup and cosmetology class because those are some of the things I do as hobbies outside of school and enjoy.

 Mowing 1010 and mowing 1020

a sonography course, i'm interested in it

Tennessee history

Library Science because I have always wanted to be a librarian, but most schools don't offer the Library Science, and you have to take it as an online course

A Film or gaming class, because I've always wanted to learn how to film and direct. And gaming just obvious

True crime, and because me and my niece like watching crime shows

# TRiO Minute Question

If you won the lottery, would you spend or save the money and why?

Here are some of our TRiO student responses:

Saving until the house market crashed then buying 30 houses.

The first thing I would do is get me a new car so I don't have to worry about transportation troubles. Next I would make a bank account I can't touch unless it was going towards my college when I transfer.

I would save it to invest it into properties to turn it into more money instead of just blowing it on things that are not of any significant value.

As a person who doesn't have a lot of wants, I would probably save most of it. However, I would splurge a little and get some nice things like a house, new car, land, etc.

I would save it over time. I'd wanna not work again so I could have more time to experiment with my hobbies and explore.

I would save it to help my family for everything they've spent on me.

I would save it since I can make more money out of it and later on spend that money.

If I won the lottery I would save enough to where I can be set for emergencies, but would ultimately spend a decent amount. Can't take all that money with you to the grave. Spending it also doesn't necessarily mean just wasting money.

I would save it to buy a house to make money at the Great Smoky Mountain, have people live there, and I would pay off my family house and my brother let me and my fiancé have a nice home and pay my man's mom to show her we can pay her house clean on it.

I would spend every bit of it because I'm not very good with money.
